

§ 905.40

Basin Program—Eastern Division, Western will offer contracts to existing customers for resource extensions no sooner than the effective date of the final regulations. For the Loveland Area Projects, existing contracts provide for potential adjustments to marketable resources in 1999. No contracts will be offered to existing customers for post-2004 Loveland Area Projects resources until the analysis of potential resource adjustments in 1999 has been completed and any adjustments are implemented. Existing power sales contracts require that this analysis be completed by 1996.

Subpart D—Energy Services

§ 905.40 Technical assistance.

Western shall establish a program that provides technical assistance to customers to conduct integrated resource planning, implement applicable IRPs and small customer plans, and otherwise comply with the requirements of these regulations.

Subpart A—General Provisions

§ 950.1 Purpose.

The purpose of this part is to facilitate the construction and full power operation of new advanced nuclear facilities by providing risk insurance for certain delays attributed to the Nuclear Regulatory Commission regulatory process or to litigation.

§ 950.2 Scope and applicability.

This part sets forth the policies and procedures for the award and administration of Standby Support Contracts between the Department and sponsors of new advanced nuclear facilities.

§ 950.3 Definitions.

For the purposes of this part:

Act means the Energy Policy Act of 2005.

Advanced nuclear facility means any nuclear facility the reactor design for which is approved after December 31, 1993, by the Nuclear Regulatory Commission (and such design or a substantially similar design of comparable capacity was not approved on or before that date).
